Indianapolis, IN ([PRWEB](#)) August 30, 2013 -- [Douglas J Kafoure Insurance Agency](#) is proud to announce that they offer a number of the providers recognized in the Ward's 50 Top Performing P&C Insurers list for 2013. Ward's Top 50 began in 1991 and analyzes the financial performance of over 3,000 property-casualty insurance companies in the U.S. Their analysis spans over five years and ensures that each company put on the list passes all safety and consistency screens and achieves superior performance for those five years.

To select the Ward's 50, Jeff Rieder, partner and head of the Ward Group, explains, "We identified companies that pass financial stability requirements, and measure their ability to grow while maintaining strong capital positions and underwriting results."

The safety and consistency tests are scored on a company's five year average return on average equity, on assets and on total revenue. They also score on five year growth, five year improvement in surplus to written premium and five year average combined ratio. Ward's 50 companies are well known for being the top-performers in the industry.
